

## Free cultural programme for people on low incomes

### WHAT ARE WE OFFERING?

KulTür Regensburg wants to enable people with low incomes and especially families with children to participate in more cultural events. For this reason we contact the organisers of the various sectors (theatre, music, sport, recreational activities ...) who give free tickets and free seats. These tickets are given to people and families who have registered with us as KulTür guests.

### WHO ARE WE?

KulTür Regensburg started in spring 2015. The project began in cooperation with Evangelische Bildungswerk Regensburg, Ostbayerische Kulturforum e.V. and Kulturnetz Regensburg eG. For all three parties it is important to encourage people to participate in social life and in particular to encourage the socially disadvantaged to take part in society and become socially active.

The KulTür team is primarily made up of volunteers who are supported by a network of cultural and social partners (see the list in the leaflet).

### HOW CAN YOU BECOME A KULTÜR GUEST?

Anyone who only has a low income can become a KulTür guest, for example:

- People on social benefits or income support
- Pensioners, migrants, asylum seekers, single parents
- City card holders, apprentices or trainees, students on grants

The net income levels are based on the seizure of assets threshold.

You can register with us using the application form, either with the help of a social partner or by yourself, and our staff will contact you. If you have an email address you will receive our programme of events regularly.

The most important information about KulTür Regensburg as well as the application form are to be found on:

**[www.kultuer-regensburg.de](http://www.kultuer-regensburg.de)**

All the contact details are on the back of the leaflet

## Let's open the doors to culture!
